Addendum to Agenda Item 2.1: DS478
9.124. The operating organization shall develop an emergency plan in accordance with the applicable requirements [7] and shall establish the necessary organizational structure, with assigned authority and responsibilities for managing an emergency. When appropriate, the operating organization shall cooperate with off-site response organizations in the development of on-site and off-site emergency arrangements that are consistent with one another. Roles and responsibilities should be clearly defined, such as who should be lead and to make final decision etc., in emergency case when multiple locations and groups are involved.

Proposal: To modify last sentence to be consistent with GSR Part 7 Requirement 6, paras 5.3 and 5.7
