7th Meeting of the Emergency Preparedness and Response Standards Committee (EPReSC)
30 October – 1 November 2018
(Agenda Item 2.5)

Draft Safety Guides Under Revision - on step 7 - according to DS497

Requested from the Committee: approval for submission to MS for comments

Ronan CAVELLEC
OSS - NSNI
Background

Revision of 8 closely interrelated NSG in the NPP Operational safety domain

- NS-G-2.2: Operational Limits and Conditions and Operating Procedures
- NS-G-2.3: Modifications
- NS-G-2.4: The Operating Organization
- NS-G-2.5: Core Management and Fuel Handling
- NS-G-2.6: Maintenance, Surveillance and In-service Inspection
- NS-G-2.7: Radiation Protection and Radioactive Waste Management
- NS-G-2.8: Recruitment, Qualification and Training of Personnel
- NS-G-2.14: Conduct of Operations

Working ID: DPP DS497

approved by CSS at the end of 2016 and consultancy meetings were organized in 2017 and 2018
Following the approval of this DPP, NUSSC, at its 43rd meeting, decided to exclude the revision of **NS-G-2.7** from the scope of DS497, on the basis that the guidance in NS-G-2.7 has been recently updated and issued as GSG-7 (Radiation Protection) and SSG-40 (Waste Management)

⇒ As a result, 7 Nuclear Safety Guides are now under revision.

The 26 July 2018, the 299th Coordination Committee **approved** the seven drafts for submission to the Committees:

Step 6 ➔ Step 7
Scope

437 comments from: USA (NRC), Canada, Finland (Stuk), UK (ONR), Japan (NRA), France (ASN-IRNS), Germany (BMUB, GRS, BFE), ENISS, Australia

- NS-G-2.2: 68
- NS-G-2.3: 28
- NS-G-2.4: 17
- NS-G-2.5: 30
- NS-G-2.6: 187
- NS-G-2.8: 33
- NS-G-2.14: 67
- General: 7

435 have to be addressed prior to the NUSSC at the end of November 2018 and 2 for this EPReSC
1st (general) comment:

“The first three guides appropriately reference GSR Part 7, however consideration should be given to referencing GSR Part 7 in the remaining guides. This is particularly relevant where emergency plans are required (such as in NS-G-2.5 revision)”

⇒ Accepted
2nd comment:

“In the paras 4.32 and 4.33: Add reference to GSR Part 7, Requirement 25 (Training) in 4.32, and ensure consistency between this requirement and the text in 4.33 (because descriptions of training for emergencies should be consistent with GSR Part 7, Requirement 25: Training, drills and exercises for emergency preparedness and response)”

⇒ Accepted
I kindly request your approval for the submission to MS.

NB: 3 weeks for EPReSC additional comments if necessary.
Thank you!
