Nuclear Safety Standards Committee

37th Meeting

1 – 4 July 2014

Agenda item 4.1

Draft Implementing Guide: Regulations and Associated Administrative Measures (NST 002)

Rhonda Evans, Division of Nuclear Security
Request for approval to submit to MS

• This Draft Implementing Guide was identified as an interface document.

• This Draft Implementing Guide is intended to provide guidance to assist a State identify the responsibilities of those involved in nuclear security so that suitable regulations and associated administrative measures may be developed for establishing and sustaining an effective nuclear security regime.

• The Draft Implementing Guide is structured to provide a State with the means to undertake an assessment of its legislative and regulatory framework for governing nuclear security and take actions to update its framework as necessary.

• The title has been amended to remove any confusion as to the nature of the agreements contained within it (MOU and inter-agency agreements)
