Item 3.1 DPP Approval for submission to CSS (SPESS B, Step 3); DS515

DPP for Revision of Safety Guide No. TS-G-1.5, Compliance assurance for the Safe Transport of Radioactive Material

TRANSSC 36
6 – 8 May 2018

Eric H. Reber, Transport Safety Specialist, NSRW
Revision of TS-G-1.5 to take account of:

• Current version of SSR-6; TS-G-1.5 is based on TS-R-1(2005)
• Technological changes
• Changes to the nature and scope of the transport of radioactive material
• Experience with the use of TS-G-1.5
• Consideration of safety/security interface and new security documents published since 2009
Development steps

• Revision of TS-G-1.5, Compliance Assurance for the Safe Transport of Radioactive Material, recommended by TRANSSC33
• DPP Approved by Coordination Committee on 5 Apr. 2018 (SPESS B Step 2)
• Approval of DPP by TRANSSC is requested (SPESS B Step 3)
• DPP presentation at NSGC 11 – 14 June 2018 (SPESS B Step 3)
• If approved by TRANSSC, approval by CSS will be requested (Nov. 2018)(SPESS B Step 4)
Development of Revised TS-G-1.5

- Starting point will be the current structure and text of TS-G-1.5
- Input from WGs that reviewed the document during TRANSSC33 and TRANSSC35 will be considered.
- Input from MSs on document is welcome.
- If DPP approved by TRANSSC, Consultancy Meeting will take place on 10 – 14 September 2018. MSs are invited to nominate (cost free) participants for this meeting.
Thank you!
