43rd Meeting of the Waste Safety Standards Committee

12 – 15 June 2017

Agenda Item W6.1

Information on Self-assessment of the Commission on Safety Standards and the Safety Standards Committees

Dominique Delattre
Head – Safety Standards and Security Guidance Development Section
NSOC
Committees’ ‘self-assessment’

Basis:
• Harmonized Terms of Reference for the Committees

Purpose:
• Self-assessment by the Committees of their work and working methods against the Terms of Reference

Suggested methodology:
• Brainstorming/special session in this meeting
• Input from individual members through website
• Chair to prepare overall synthesis
Committees’ ‘self-assessment’

Level of detail:
• Necessarily different for each Committee
• No intention to ‘invent’ performance indicators
• Qualitative, rather than quantitative, information to be provided
• No intention of the CSS to make comparisons between Committees

Reporting method:
• Common for all Committees
• To be annexed to end-of term report and presented to CSS in April 2018
Link to proposed structure for ‘self-assessment’ (based on Terms of Reference)
Thank you!
