Explanatory Note

Nuclear Security Threat Assessment, Design Basis Threats and Representative Threat Statements (NST058)

The draft text for review, entitled *Nuclear Security Threat Assessment, Design Basis Threats and Representative Threat Statements*, was prepared as a draft Implementing Guide to be issued in the IAEA Nuclear Security Series and has already been reviewed through consultants' meetings and a technical meeting, as well as by the Nuclear Security Guidance Committee (NSGC), the Emergency Preparedness and Response Standards Committee (EPRaSC) and the Nuclear Safety Standards Committee (NUSSC).

The objective of this draft text, as accepted by the NSGC, is to provide a detailed step-by-step methodology for performing a nuclear security threat assessment and for the development, use and maintenance of design basis threats and representative threat statements.

Comments are requested in relation to:

- Relevance and usefulness — Are the stated objectives appropriate, and are they met by the draft text?
- Scope and completeness — Is the stated scope appropriate, and is it adequately covered by the draft text?
- Quality and clarity — Does the guidance in the draft text represent the current consensus among specialists in the field, and is it expressed clearly and coherently?
- Appropriateness of guidance on safety–security interfaces — Are the paragraphs of the draft text that address interfaces between safety and nuclear security appropriate?

Comments of an editorial nature will be considered; however, it should be noted that the draft text will be comprehensively edited by the IAEA Secretariat.

Any comments should be made in English, should refer to the relevant paragraph number in the draft text being reviewed, and should propose alternative text where appropriate. Please use the attached Form for Comments to record all comments.

The responsible IAEA officer is Mr Kristof Horvath of the Department of Nuclear Safety and Security, who may be contacted for further information in connection with this subject by telephone at: +43 1 2600 24677 or via email at: K.Horvath@iaea.org.

Any comments should be sent through the established official channels to the responsible IAEA officer by **30 November 2018**.
