

NUCLEAR SECURITY DISCIPLINES

eLearning for Nuclear Security

In addition to the existing eLearning module on radiation detection for front line officers, the IAEA Division of Nuclear Security has developed a set of 5 new online courses titled **Nuclear Security Disciplines**:

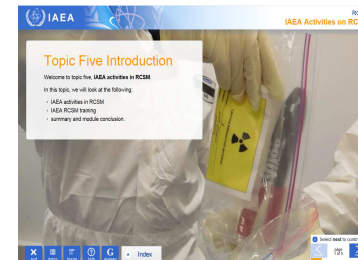

TRANSPORT SECURITY

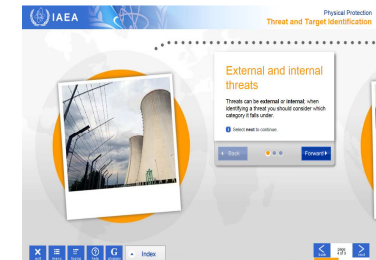

COMPUTER SECURITY

NUCLEAR MATERIAL ACCOUNTING AND CONTROL FOR SECURITY PURPOSES

RADIOLOGICAL CRIME SCENE MANAGEMENT

PHYSICAL PROTECTION

The courses are based on IAEA guidance documents and provide an introduction to the basic principles of these nuclear security disciplines to the interested nuclear facility personnel and the public. They will also provide preparatory learning for face-to-face training and other human resource development activities implemented by the IAEA and its Member-States. The Nuclear Security Disciplines are now available to the public at:

<http://nucleus.iaea.org/NSNS/training>

Online Training

Welcome to the IAEA e-learning on Nuclear Security Disciplines.

To **register**, please follow these instructions:

1. Go to <http://nucleus.iaea.org/NSNS/training> on your web browser (supports all current versions of major internet browsers: Internet Explorer, Chrome, Firefox, Safari, as well as iOS and Android).
2. Log in using your ID and Password from the Front Line Officers module, or create a new account through our very **basic registration process** (requesting your title, name, email, password, preferred language, affiliation and member state).
3. Click "**Submit**"
4. You will soon receive an **automated email** at the email address that you registered with. This is to ensure that you have put in the correct contact details. Please **click on the link** to activate.
5. You are now ready to **access all 6 eLearning modules on Nuclear Security!**

For any queries, please contact nsnselearning@iaea.org.
